

Security Camera Registration

The town of Pittsboro wants your help in fighting crime by taking part in the Camera Registry Program (CRP). The CRP allows residents and business owners to register the locations of their video surveillance systems with the town. When a crime occurs, police will be able to identify the locations of nearby video cameras and enlist the assistance of the community to help officers collect video evidence and follow up on leads.

Through the program, Pittsboro PD will be able to directly contact CRP registrants who are using video in an area in which a crime occurred. Police would ask CRP registrants to check their video surveillance system for a specific date and time for video that may show activity involved with a crime, such as a getaway car or the direction that a person of interest was headed.

Online Surveillance Camera Policy

Registration is voluntary and there is no cost associated with registration. **Registering your information does not provide Pittsboro Police Department with direct access to your camera.** You may delete your registration at any time. An individual's personal information will be kept confidential by the town unless subject to disclosure by court order. You will only be contacted by the Pittsboro Police Department in the future if there is a criminal incident in the vicinity of your security camera.

Terms of Use

The goal of the program is to deter crime and promote public safety through collaboration between the Pittsboro Police Department and the communities we serve. Accordingly, all registrants agree to the following terms and conditions:

- Any footage released by participant containing or related to criminal activity may be collected by the Pittsboro Police Department for use as evidence during any stage of a criminal proceeding.
- Under no circumstances shall registrants construe that they are acting as an agent and/or employee of the town of Pittsboro or the Pittsboro Police Department through the program.

- If necessary, the Pittsboro Police Department will contact you directly, using the information provided, to request the appropriate video surveillance footage.
